<p>831 Beacon Street, Newton, MA 02459 800-949-8973 <a href="http://www.whyytype.com">http://www.whyytype.com</a></p>	<p>24319 CONTRA COSTA LANE, PUNTA GORDA FL 33955 888-634-8200 <a href="http://www.speakingnaturally.com">http://www.speakingnaturally.com</a></p>
<p>AM Technologies Inc.'s founder has 18 years experience using Dragon, first with DragonDictate, and then with Dragon NaturallySpeaking. We have developed the WHY-TYPE® Medical System, which integrates with eClinicalWorks, NextGen, SoapNotes, MEDITECH, Epic, Centricity, Allscripts and more. We have Achieved "Preferred Vendor Status" and/or special pricing with: Partners Health-Care, CareGroup, Caritas Christi, Newton-Wellesley Hospital, Hallmark Health and others. We deliver complete solutions and are a Nuance Gold Certified Partner.</p>	<p>Our 13 Years Experience in Implementing Dragon NaturallySpeaking in Conjunction with EMRs. We have worked with virtually every EMR, including but not limited to E-Clinical GMed and Amazing Charts. Medical care professionals quickly discover that implementing Dragon NaturallySpeaking medical makes documenting into their EMR 's significantly more fluent than without utilizing Dragon NaturallySpeaking Medical. When initially purchasing an EMR without Dragon NaturallySpeaking Medical they immediately ascertain the EMR is superb for pointing and clicking to assemble the note. However, when arriving at the narrative portion of the record, they are either forced to type the narrative which is very slow, or compensate a transcription service which is time-consuming, inefficient and costly. With Dragon NaturallySpeaking Medical, professionals simply dictate into the narrative segment of the record with exceptionally high degrees of accuracy and the note is efficiently completed.</p>

EXAQ chosen by KAISER PERMANENTE for nationwide support. EXAQ managed their rollout for 1,200 health providers. Integrating Dragon Naturally Speaking successfully in numerous EMR/RIS/HIS systems - even those viewed to be "speech hostile. "A <b>Gold Certified Partner with Nuanace Communication.</b></p>	<p>Image Management, LLC has been providing digital dictation products and services since 1993. They are Nuanace Gold Certified Partners representing <b>Dragon NaturallySpeaking</b> speech recognition software and authorized dealers of Olympus, Philips and other recorder/microphone products. The company provides demonstrations, sales, installation, customization, training and support. They have worked with clients using a range of <b>EMR applications (Allscripts, Cerner, eClinicalWorks, GE Healthcare + IDX, McKesson, Meditech, Misys, NextGen, etc.)</b> and have experience providing customization/programming.</p>

<p><b>JR Consulting</b></p>	<p><b>Kaberline Healthcare Informatics, Inc.</b></p>
	
<p>17730 Arrowhead Trail, Minnetonka, MN 55345 877-335-0535 <a href="http://www.jrconsulting.info">http://www.jrconsulting.info</a></p>	<p>PO Box 140067, Suite Saint Louis, MO 63114 866-994-3891 <a href="http://www.TalkToType.com">http://www.TalkToType.com</a></p>
<p>JR Consulting predominantly deals with DC Talk which a simple-to-use chiropractic EMR/documentation program that takes the hassle out of SOAP notes. Training takes only one hour. With a little practice and using macros, a DC can dictate a daily note in about 30 seconds! Over 400 chiropractors who use this program say they wouldn't trade it for the world. DCs find that even if they know nothing about computers, this program is user friendly and SIMPLE to use. DC Talk was written using the SDK from Dragon, so a DC can navigate through the exams, notes, x-ray reports, etc... by voice. DC Talk is the only chiropractic software designed specifically to work with Dragon NaturallySpeaking.</p>	<p>Kaberline Healthcare Informatics is a physician owned, Dragon NaturallySpeaking Gold Certified Nuance Partner with extensive experience implementing and integrating speech recognition with most Electronic Health Records (EHRs) on the market today. Our nationwide clients include practices ranging from solo practitioners to large multi-specialty practices and hospitals. The Dragon NaturallySpeaking experts on staff quickly respond to our clients needs. We are a full service Dragon NaturallySpeaking sales, service, support, implementation and training facility.</p>
<p><b>Next Generation Technologies Inc.</b></p>	<p><b>Peter Cohen Associates, LLC</b></p>
	<p>Logo not available</p>
<p>20006 Cedar Valley Rd., Suite 101 Lynnwood, WA 98036-6334 425-744-1100 <a href="http://www.ngtvoice.com">http://www.ngtvoice.com</a></p>	<p>13 Oxbow Road, Natick, MA, 01760 508-655-7711 <a href="http://www.pcameditech.com">http://www.pcameditech.com</a></p>
<p>Over the last several years Next Generation Technologies, Inc. has had the good fortune to work with a broad range of health-care clients from medium group practices to large clinic groups and their affiliated hospitals implementing dictation/transcription solutions using state-of-the-art speech recognition technology, digital recording technologies, and several related technologies. Our services include everything from system process and workflow analysis, pilot program design, full implementation, and custom integration of speech recognition with EMR applications like EPIC, GE Centricity/Logician, IBEX PulseCheck, Chart-Connect, Synamed, and others.</p>	<p>Peter Cohen Associates works primarily with hospitals using MEDITECH HCIS applications. As MEDITECH's Preferred Speech Recognition Solutions Provider PCA has been closely working with them with their integration and implementation of speech recognition into their HCIS applications. PCA delivers a complete solution of products and services dedicated to speech recognition for both the Magic and Client Server platforms. From licensing of the necessary software through customization of each implementation, technical support and "Go Live" support and most critically, expert training.</p>

Softnet Systems, Inc.	SpeechSolutions, Inc.
	
<p>12635 N. 2nd Avenue, Phoenix, AZ 85022 866-375-0998 <a href="http://www.pcspeak.com">http://www.pcspeak.com</a></p>	<p>8716 Falkstone Lane, Alexandria, VA 22309 888-318-4321, ext. 101 <a href="http://www.dragonfordoctors.com">http://www.dragonfordoctors.com</a></p>
<p>Softnet Systems offers 10+ years speech recognition, including programming services for integration of EMR's with Dragon NaturallySpeaking. Customization, training, programming, installation services are also offered.</p>	<p>We have experience in the following EMRs: Soapware, Epic, Phast Notes, Misys, Eclipse, Ge Centricity, All Scripts, Medamation, AHLTA (military), CPRS (Veterans Administration). We do online training for each of these EMRs. Depending on the practice's needs, we generally do two hours of Dragon NaturallySpeaking training (including doctor-specific macro making) and spend a third hour at another time showing the doctor how to apply his or her new Dragon knowledge/experience within the EMR. We also resolve any issues that may crop up between the EMR and Dragon. We provide SpeechSolutions custom macros to each user and, where applicable, provide macros we have designed for the EMR. On-site one-on-one and classroom training is also available. SpeechSolutions is a Nuance Gold Certified Partner and a Gold Certified Dragon NaturallySpeaking Instructor.</p>
